

DRI-BUFF

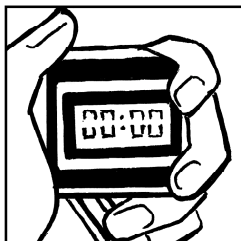

A UNIQUE FLOOR CARE PRODUCT AND SYSTEM
BOTH TOTALLY GREEN / PRODUCING BETTER RESULTS

BOTH THE PRODUCT
AND THE SYSTEM

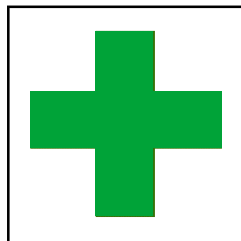

NO BUCKETS, MOPS
OR WATER

FASTER AND EASIER
THAN OLD WAYS

NO HAZARDOUS
INGREDIENTS

SAFE FOR WORKERS
AND OCCUPANTS

DRI-BUFF® - IS AS "GREEN" CHEMICALLY AS A FLOOR CARE PRODUCT CAN BE, AND MAKES POSSIBLE A FLOOR MAINTENANCE SYSTEM WITHOUT HAZARDS TO WORKERS, WITHOUT FOUL ODORS TO BOTHER BUILDING OCCUPANTS. IN ADDITION IT ALSO CONSERVES WATER, SAVES TIME & LABOR, LENGTHENS THE LIFE AND IMPROVES THE APPEARANCE OF FLOORS WHERE IT IS APPLIED WHICH SIGNIFICANTLY REDUCES MAINTENANCE COSTS.

DRI-BUFF® IS 100% GREEN IN COMPOSITION. All ingredients are certified GRAS (Generally Recognized As Safe). It contains no solvents as in strippers. No zinc as in typical spray buff. It has a neutral pH in contrast to restoration cleaners.

DRI-BUFF® IS 100% GREEN FOR PERSONAL SAFETY. In addition to containing no hazardous chemicals, **DRI-BUFF®** eliminates the need to handle and clean dirty mops and the need for heavy lifting of pails and buckets.

DRI-BUFF® IS 100% GREEN ENVIRONMENTALLY. It meets the requirements of the EPA DfE. It conserves fresh water and reduces need for treatment of waste water in sewage plants. One pint of **DRI-BUFF®** replaces gallons of strippers, finishes, spray buffs and restoration cleaners – reducing the gas & oil needed to transport them and the environmental impact of their use.

OTHER BENEFITS

- REPLACES SPRAY BUFF
- REPLACES RESTORATION CLEANERS
- FOR A QUICK FIX OR LARGE AREA
- MACHINES STAY CLEAN
- ECONOMICAL
- CLEANS & POLISHES IN ONE OPERATION
- IMPROVES ANY FINISH
- SAVES TIME
- REPLACES STRIPPING JOBS
- USE WITH ANY SPEED MACHINE
- SLIP RESISTANT

EASY TO USE

1. Dust mop floor and remove heavy soil with a putty knife.
2. A hog's hair pad is preferable & faster machines should use the lighter colored pads.
3. Apply 3" of **DRI-BUFF®** in front of machine and spread over 1000 sq. feet moving as fast as you can walk.
4. Dust mop again to remove loosened dirt. Dirt in pad just taps out.

A 3" RIBBON OF DRI-BUFF
IS ENOUGH TO CLEAN AND
TO POLISH 1000 SQ. FT.
