

CLAUSEN CARPET SOLUTIONS

EXTRACT-A-LON V EXTRACTION CARPET CLEANER FOR STAIN RESISTANT NYLON

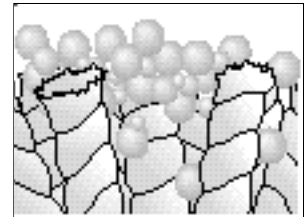

**MEETS SPECS FOR 5TH
GENERATION NYLON**

**RECOMMENDED FOR
ALL TYPE CARPET**

**CONTAINS A PROVEN
ODOR COUNTERACTANT**

**PENETRATES AND
LIFTS GREASY SOIL**

DESCRIPTION

Clausen EXTRACT-A-LON V is a special formulation for extraction cleaning required for use on the various brands of fifth generation stain resistant nylon. As specified by the nylon producers, it is non-ionic, has a maximum pH of 10.0 and is to be used with water temperature below 140°F.

USES

Meets the requirements of nylon producers for use on their brands of stain resistant nylon and is recommended for use on all carpet fibers including wool.

HOW TO USE

DILUTIONS: Extract-A-Lon V is highly concentrated. Use as little as 1 ounce per gallon of warm water against light soil, 2 ounces per gallon for moderate soil and 3 ounces per gallon for heavy or greasy soil.

PROCEDURE: 1. Vacuum thoroughly before use...2. Remove spots. If needed pretreat heavily soiled areas with Clausen Four Way...3. Proceed to apply and extract Extract-A-Lon solution. Cover all areas uniformly...For superior results, after cleaning use Clausen Carpet Rinse and Conditioner to remove last of soil, to neutralize fibers and deodorize.

Brush looped pile in one direction while still damp. If furniture must be replaced before carpet is thoroughly dry, place squares of plastic or foil under legs to prevent rust stains.

PACKAGING

Available in gallon containers.

BENEFITS

MEETS CARPET SPECS - A special moderate pH, non-ionic complex that meets the requirements of the producers of new fifth generation stain resistant nylon. Performs with outstanding results as well on all carpet fibers including wool.

EFFECTIVE AGAINST GREASY SOIL - Contains non-ionic surfactants chosen especially for their ability to penetrate, emulsify and lift greasy soil for complete removal.

MODEST PH - A pH maximum of 8.5 will not remove the soil resistant treatment and will not initiate browning.

BUILT IN DEFOAMER - There is no foam from EXTRACT-A-LON V to require addition of defoamer.

CONTAINS ODOR COUNTERACTANT - Eliminates that wet dog smell of some freshly cleaned carpets. A proven odor counteractant leaves the carpet and the whole area with a clean, fresh aroma.

SPECIFICATIONS

APPEARANCE.....clear/colorless
ODOR.....pleasant
pH.....9.5 ± 0.5
FLASH POINT.....none to boiling
BOILING POINT.....near 212° F
SPECIFIC GRAVITY.....1.015 ± 0.005
SHELF LIFE.....one year minimum
